

Spiritual Awareness

Radiant Grace

I seek the quiet stillness of my thoughts
To improve my connection with you above all else.
Let the busy clutter in my mind subside
That I might hear you clearly.

Infinite Kindness

I ask that you direct my thinking,
Especially that it be divorced from
Self-pity, dishonest or self-seeking motives.
In moments of indecision,
Grant me inspiration
Or an intuitive thought or decision.

Loving Presence

Direct my actions this day
And show me the way
Through all that I might encounter.
I ask for all that I might need
To take care of such problems as they arise,
And to be reminded to pause when agitated or doubtful
That I am no longer running this show.
I no longer try to arrange life to suit myself.
I ask for the right thought or action, and say:

Infinite Radiance of All that Is

Thy will, not mine, be done.
